

Katy

Hi my name is Katy! My mom adopted me from Emerald Coast Golden Retriever Rescue when I was 4 years old. I love to swim, float and play in the sand at the beach. I also enjoy sniffing around the barn when I visit my horse brother and sister. My favorite thing is to be around people! I especially love smelling bushes and scratching my belly on tall grass. Many of my fans have told me that I look like Dug from the Disney movie Up; you know the floating house with all the balloons. My mom wishes I had that special collar, to help me to speak human too!

About Katy: My name is Katy. I am a female, Golden Lab Mix. I don't know my actual birthday, so my mom celebrates my birthday on December 5, my adoption day. My birth year is 2010.

Heather and Katy

My mom's name is Heather. She is a really nice person and I love her. I feel so lucky she gets to take me on so many fun adventures.

I was hit by a car many years ago, before mom adopted me. I may walk a little funny, but that does not slow me down! I can be very lazy and mom always says I am the perfect friend to watch movie marathons with.

Love, Katy

Team Activities: My mom and I love to meet with children over 11 years old, adults and seniors. We really enjoy visiting grandmas and grandpas in nursing homes, visiting courthouses, and attending special events at the local universities, as well as presentations where I am the star!
