

Pippin

Hi, my name is Pippin. My Mom and Dad got me from a golden retriever breeder in upstate New York. Some people think I look like a teddy bear. I love to have people pet me. I like to lean against people and often roll over and show my belly when I want to be petted. I also like to chase balls. In New York my Mom, Chris, and I would visit people in nursing homes, schools, day camps and festivals. After a visit, the people felt happy and I was happy. We look forward to visiting people here also. We moved to Florida in the summer of 2017.

About Pippin: My full name is Pippin. I am a very friendly male, Golden Retriever. My birthday is June 10, 2010

Pippin and Chris

This is my Mom, Chris. When we lived in New York State, I would climb mountains with my Mom and Dad. Now we love visiting the parks around Tallahassee. I share my home with two cats. Sometimes the cats boss me around. I have been taught to be gentle with them, so I let them get away with being bossy.

Love, Pippin

Team Activities: Mom and I like to visit with adults, seniors, and children of all ages. We visit at courts, schools and assistive living and rehabilitation centers.
