

Schatze

Hi, my name is Schatze, which is a German name because my ancestors came from Germany. My mom named me Schatze because she thinks I am a sweetheart and that's what my name means in German. I was adopted when I was about 5 years old.

I am generally very calm and quiet. Although I like everyone, I particularly like children and people who, I can tell, really like me.

I am soft and silky to pet and I like to be brushed.

About Schatze: My name is Schatze. I am a female Weimaraner, a German hunting breed. My breed is usually very energetic but I am not. I am laid back. My veterinarian thinks I was born in 2008, and established my birthday as January 24th.

Schatze and Barbara

My mom's name is Barbara. I am very attached to her. I get very sad if she is not around. Mom likes to take me everywhere she can. I don't mind being in the car, waiting for her. Mom likes to find restaurants with outdoor seating so she can take me with her when she goes to eat. She sometimes likes to take me to eat after we make visits if it is not too hot. One restaurant even makes homemade dog biscuits!!

Love, Schatze

Team Activities: My mom and I like to meet with children, adults and seniors. We enjoy visiting schools, the courthouse, a dental office, and assisted living and health centers.
