A F F I D A V I T

I, JOE DOYLE, the affiant in this case is a certified federally licensed hazardous devices technician states that on the 4th day of July, 1992, under Leon County Sheriff's Department Case No. 92-57043 the attached list of illegal fireworks under Florida Statute 791.01 were offered for sale illegally under Florida Statute 791.02. Further, these fireworks were dis-approved as legal under Florida Statute 791.013. In accordance to Florida Statute 791.05 these illegal fireworks being offered for sale were confiscated. Attached to this affidavit is a list provided by the Florida State Fire Marshall of the approved 445 legal fireworks. As a certified hazardous devices technician, I affirm that these fireworks are a danger to the public safety without proper storage facilities. Pursuant to the Fire Codes of the State of Florida, the Leon County Sheriff's Office does not have a legal storage facility and requests an emergency order to destruct the contraband fireworks.

FIRE MARSHAL

February 28, 1992

TO: Fire Chiefs, Sheriffs, Police Chiefs

FROM: B. J. Peters, Director
Division of State Fire Marshal

RE: Chapter 791, Florida Statutes, "Sale of Fireworks"

The 1987 Legislative Session created Section 791.013, Florida Statutes, requiring that any person who wishes to sell sparklers, as defined in Section 791.01(8), Florida Statutes, must submit samples to the Division of State Fire Marshal for testing. Sparklers that were tested and approved by the division are on the enclosed list. If you have questions about the list please call Mr. Tom Easterling at 904/922-3173.

Section 791.015(1), Florida Statutes, requires that any manufacturer, distributor, wholesaler, retailer or seasonal retailer of sparklers doing business in the state must register with the Division of State Fire Marshal. Anyone having questions about registration should contact Ms. Terry Barrow at 904/922-3172.

The State Fire Marshal's role in regulating the sale of sparklers is limited to the registration of those persons or businesses selling approved sparklers and the promulgation of the approved listed after laboratory testing. The responsibility for enforcement, confiscation and disposal of illegal fireworks as authorized in Section 791.05, Florida Statutes, remains with local government.

If we may be helpful to you in any manner, please do not hesitate to contact us.
